

MAKE IT WONDERFUL

FRANKE

Luxury, Designer and
Premium Sinks Collection
- 2019

OUR IDENTITY IS DEEP ROOTED IN OUR HERITAGE

In a company history that goes back one hundred years, Franke has built a leading position in a constantly changing global business environment. From then till now, this has been possible by building on our rich heritage, strength in quality, innovation, style and enabling enterprise.

Franke Headquarter Aarburg, Switzerland

FACTS AND FIGURES

The Artemis Group includes the Franke Group, the Artemis Real Estate Group (real estate portfolio in Switzerland and abroad), a majority holding in the Feintool Group (world market leader in fineblanking technology) and the Artemis Asset Management Group (various strategic shareholdings in international companies listed on the Swiss stock market and in private companies). Franke is a world leading provider of products and solutions for residential kitchens and bathrooms, professional foodservice, coffee preparation and semi-/public washrooms. The Artemis Group has about 9,000 employee in 40 countries. In 2018, the group generated consolidated Net sales 2.1 billion CHF.

FRANKE IN INDIA

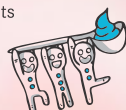

Franke Kitchen Appliances Manufacturing facility at Sanaswadi, Pune, India

Franke Kitchen Sinks Manufacturing facility at Aurangabad, India

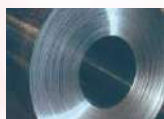

ADVANTAGE FRANKE

- Swiss advance drawing and welding technology to achieve highest quality level
- Premium quality stainless steel - SS 304-Austenitic Grade
- Deeper and spacious Bowl
- High quality sound damping pads, creates tranquil kitchen environments
- Elegant, trendy and innovative design
- Combining accessories which function with the sink design

ADVANTAGE FRANKE MATERIALS - STAINLESS STEEL 304 18/8

Austenitic stainless steels (SS 304-Austenitic grade)

All Franke Stainless steel sinks are manufactured using only SS 304 Austenitic grade. Austenitic stainless steel are chromium & nickel containing stainless steel with very low carbon content. Austenitic 304 stainless steels formed through the generous use of austenitizing elements such as nickel, manganese and nitrogen. Chromium content is range of 18% and nickel content in range of 8%. They are non-

magnetic but can become slightly magnetic when cold worked. Cold working also enhances their strength. Austenitic stainless steel have mechanical properties over a wide range of temperatures. In addition, these steel are easy to clean, which enhances their use in applications in hygienic and sterile environments.

Microdecor Finish

The distinctive pattern of Microdecor steel is so light as to be almost invisible, recalling the effect of aluminum and giving the steel a unique, inimitable appearance. Any scratches only damage the tiny convex areas of the surface, while the imperceptible concave zones prevent the formation of visible marks.

European Satin Finish

Franke uses a unique process of brush polishing on CNC controlled latest technology machine along with special "Franke" ATL-F22 paste that gives product surface a smooth European Satin finish with good aesthetic look. This makes it best suitable for all kitchen applications since it is prone to scratching during daily usages.

TECTONITE®

Now available in India. It is latest innovation by Franke - made of Tectonite®, which is a hi-tech, light but strong synthetic material that give you amazing advantage. Like Extreme Temperature, UV, Chemicals and Scratch resistance. Shock proof & almost unbreakable and 100% recyclable material and hi tech color.

FRAGRANITE

The granite particles bonded together during manufacture are now smaller, creating a smoother, flatter surface, reducing the chances for lime scale to build up. It is also far more difficult for residue, food particles and bacteria to accumulate in between the granules, which

greatly improves hygiene.

Tested against leading competitors, Dura Kleen® Plus comes up trumps on stain resistance. Even after being left to sit on the sink for 18 hours, the toughest stains like beetroot, permanent marker, red wine and iodine can simply be wiped clean away.

ADVANTAGE FRANKE BOX SINKS

- A Red Dot award-winner for best-in-class design, the Box range of sinks helps you get the job done simply and with style.
- Easy to install as a built-in sink, slim top or under mount
- Premium quality stainless steel. High stain and corrosion resistance.

Features:

R12 mm Radius, Free from sludge deposition.

Seamless Rim with Elegant match to counter top.

Suited for Under Mount also

WARRANTY

25 Year Warranty*

All Franke Stainless Steel Sinks are guaranteed for 25 Year against faulty workmanship and material.

5 Year Warranty*

All Tectonite® and color sinks are guaranteed for 5 Year against faulty workmanship and material.

1 Year Warranty*

All Franke Taps are guaranteed for 1 Year against faulty workmanship and material.

* Condition apply
